# ABOUT VERTEX360

VERTEX360 is a dynamic and innovative firm operating across Saudi Arabia, Bahrain, and Pakistan, offering a comprehensive suite of services tailored to meet the evolving needs of diverse industries. As a one-stop solution provider for asset integrity and project excellence, VERTEX360 stands at the forefront of quality and reliability.

Founded by a team of seasoned professionals from the Testing, Inspection, and Certification (TIC) industry, our organization brings a wealth of collective experience, strategic acumen, and operational expertise. Our commitment to excellence positions us as a trusted partner across sectors.

# OUR VISION & MISSION

## 1 Mission

To empower our clients by providing reliable, efficient, and high-quality advisory and technical services that ensure compliance, optimize performance, and mitigate risk throughout the project and plant lifecycle.

## 2 Vision

To become a trusted partner and a regional leader in Asset Integrity Services by setting new benchmarks in quality, integrity, and customer satisfaction.

# OUR SERVICES

- 01 Advisory Services:** Strategic consulting on regulatory compliance, risk mitigation, quality assurance, HSE and operational improvement.
- 02 Project Management:** End-to-end management of complex electromechanical projects, from planning and execution to delivery, ensuring quality, timelines, and cost-efficiency.
- 03 Asset Integrity Services:** Independent, third-party inspection across various sectors, in line with international standards and client-specific requirements.
- 04 Testing & Verification:** Comprehensive testing and product verification services to ensure conformance, safety, and performance.

# SCOPE OF SERVICES

**Vertex360 offers specialized services through four distinct business verticals:**

## 1- INDUSTRIAL & PROCESS PLANTS

- Vibration Monitoring, Dynamic Balancing, Shaft Alignment for Rotating Equipment
- Cathodic Protection Survey and Consultancy (CIPS, DCVG)
- Services during Plant Shutdowns (API inspections)
- Advanced Non-Destructive Testing (ANDT) – MFL, UTG, TOFD, ECT, LRUT, AUT.
- Inspection & Verification Services Process Equipment and Plants
- Asset Integrity Management (AIM) of Plant and Equipment.
- Remaining Life Assessments of Equipment.
- API Audits.
- Endoscope Inspections
- Monitoring and Measurement of Leak Detection in Process Plants.
- Digital Integrity Solutions (Drones, IoT, AI-based Inspections, Digital Twins)
- Robotic Crawler Video Inspection
- In Service Robotic Tank Inspection
- Engineers, Inspectors, Technicians Supply during Construction or Shut Down Activities.
- Project Management Consultancy & Studies for Electrical Power Systems.

# SCOPE OF SERVICES

## 2- BUILDING & FACILITIES

- Energy Audits, Measurements, Verification Services
- Sustainability Testing Services (Air leakage tests, Thermography Surveys)
- LV Electrical Audits, Thermography, Harmonic Detection.
- Temperature Monitoring & Recording of Food and Pharmaceutical Warehouses.
- Noise and Illumination Survey
- Safety Inspection of the Installations in all kinds of Buildings & Facilities
- Periodic Inspection and Verification of HVAC Plants.
- Inspection of EV Charging System and Solar Plants.
- Fire and Life Safety Inspection/Audits in Buildings and Plants
- Inspection of Elevators and Escalators
- Carbon Foot Printing, Verification, Measurements, and Monitoring Services.
- QHSE Engineer/ Inspectors Supply during Construction
- Advisory/ Supervision for Green Building, LEED & EDGE Certification of Buildings
- Fire, Life Safety, and Accessibility Code Consulting/ Verification.
- Condition Assessments (structure, electromechanical installations)
- Fire Trucks Inspection and Pump Testing in Accordance with NFPA 1911
- Design, Engineering and Project Management Services for MEP Projects.
- Engineering and PMC Services for Smart Building Solutions, Automation Systems, Energy Management, Data Networks, Telecommunications, and Audio-Visual Systems
- Power System Studies for including Grid Connection & Network Analysis. Modelling the Electrical System in the Software Tool, Recommendations & Observations.

# SCOPE OF SERVICES

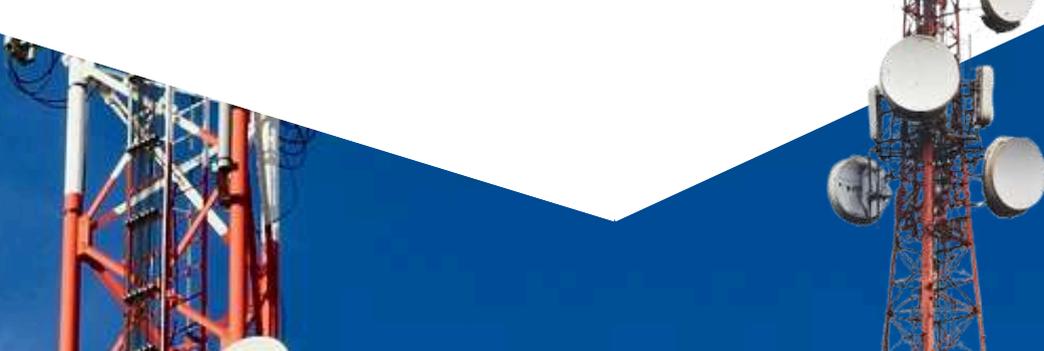

## 3- TELECOM

VERTEX360 is a leading provider of telecom infrastructure construction and installation services in Saudi Arabia, delivering reliable and high-quality solutions that power today's connected world. With deep industry expertise and a commitment to excellence, VERTEX360 specializes in the construction of telecom sites, installation of telecom towers, and execution of all associated civil, electrical, and mechanical works. From greenfield site development (NSB) to network upgrades (SWAP), Full Turnkey (FTK) and maintenance, Vertex360 provides end-to-end project delivery with precision, safety, and speed.

Driven by innovation and guided by a customer-first approach, the company partners with leading telecom operators, technology providers, and contractors to expand network coverage and enhance digital connectivity across the Kingdom.

Our key services include:

- Construction of telecom tower sites (NSB)
- Tower erection and antenna installation
- Civil works, foundations, and electrical installations
- Shelter, fencing, and site infrastructure setup
- Site integration, testing, and commissioning
- Maintenance and modernization of existing telecom sites

## 4- ELECTRO-MECHANICAL CONTRACTING

- VERTEX360, in association with international Engineering and project management companies, provides end-to-end complex electromechanical projects during the construction and operations of Power, O&G, and Process plants.
- VERTEX360 is an exclusive agent of Burke Industrial Coatings in GCC countries, providing innovative stainless steel rust-proof coatings for Industrial plants and antimicrobial coatings for food processing plants and HVAC ducting.
- Supply of various Electro-mechanical equipment from world renown brands to Process, O&G, Power and Food Industry.

# SCOPE OF SERVICES

## 5- FOOD & AGRICULTURE

- Fumigation Services for Agri Warehouses, Silos and Food Process Plants
- Hygiene Audits and Risk Assessment Services
- Industrial Pest Management (Risk Assessment and Consultancy Services)
- Quality and Quantity Verification of Commodities at Discharge Ports
- Quantity Verification of Stock Piles
- Food Testing Services
- Shelf Life Studies and Recommendations
- In House Training of Food Handlers

Through these verticals, VERTEX360 demonstrates a commitment to excellence, safety, and innovation, positioning itself as a trusted partner in providing technical solutions across diverse sectors.

# OUR MARKETS

- Oil & Gas
- Telecom
- Petrochemical & Process Industries
- Manufacturing & Industrial Plants
- Buildings and Facilities
- Agriculture & Food Processing Plants
- Pharmaceutical Plants
- Logistics Warehouses for Agri & Commodities.
- Facility Management Companies.
- Thermal, Renewable, and Solar Power Plants
- Power Transmission Companies.

# CORE VALUES

At VERTEX360, our core values are the cornerstone of our operations, guiding our decisions, behaviours, and relationships with clients, partners, and communities. These values are integral to our mission of delivering exceptional technical solutions across various sectors.

## 1. Integrity

We uphold the highest standards of honesty and transparency in all our interactions. Our commitment to ethical practices ensures trust and accountability in every project.

## 2. Innovation

Embracing continuous improvement, we leverage cutting-edge technologies and creative solutions to meet the evolving needs of our clients and industries.

## 3. Excellence

Striving for perfection, we deliver high-quality services and solutions that exceed expectations, ensuring optimal performance and reliability.

## 4. Collaboration

We believe in the power of teamwork, fostering a culture of mutual respect and shared purpose to achieve common goals and drive success.

## 5. Sustainability

We are dedicated to promoting environmental responsibility, implementing practices that minimize our ecological footprint and contribute to the well-being of future generations.

## 6. Customer-Centricity

Our clients are at the heart of everything we do. We listen to their needs, understand their challenges, and tailor our services to provide the best possible outcomes.

# SUSTAINABILITY COMMITMENT

VERTEX360 is strongly committed to Environmental, Social, and Governance (ESG) Principles, integrating them into every facet of its operations to foster sustainable growth and positive societal impact. This commitment is reflected in our strategic initiatives and day-to-day practices.

# ENVIRONMENTAL STEWARDSHIP

Our efforts align with our dedication to delivering sustainable environments and supporting our clients' journey toward net-zero emissions.

We prioritize minimizing our environmental footprint through:

- **Energy Efficiency:** Implementing energy-saving measures across our operations.
- **Waste Reduction:** Adopting responsible waste management practices.
- **Sustainable Practices:** Promoting green building standards and sustainable sourcing.
- **Carbon Reduction Goals:** Aiming for net-zero Scope 1 and 2 emissions by 2030, and Scope 3 emissions by 2040.

# SOCIAL RESPONSIBILITY

We are committed to:

- **Diversity, Equity & Inclusion:** Fostering an inclusive workplace where all individuals are treated with dignity and respect.
- **Community Engagement:** Supporting local communities through partnerships and charitable initiatives.
- **Employee Well-Being:** Ensuring fair labor practices and investing in the health and safety of our workforce.
- **Talent Development:** Nurturing the next generation through apprenticeship programs and supporting veterans and service members.

Our social initiatives aim to create a positive impact within our organization and the communities we serve.

# GOVERNANCE EXCELLENCE

We uphold the highest standards of governance by:

- **Ethical Conduct:** Adhering to ethical practices in all business dealings.
- **Transparency:** Providing clear and accurate information to stakeholders.
- **Accountability:** Ensuring responsible decision-making and compliance with regulations.
- **Leadership:** Guiding our operations with integrity and a commitment to long-term success.

Our governance framework ensures that ESG considerations are embedded in our business strategy and operations.

# QHSE POLICY

At VERTEX360, our Quality, Health, Safety, and Environment (QHSE) Policy reflects our unwavering commitment to excellence, compliance, and sustainability in every facet of our asset integrity services. As a trusted provider of our technical services across various sectors we place the highest priority on protecting people, assets, and the environment.

# 1- QUALITY POLICY

- We deliver services that consistently meet or exceed client and regulatory expectations.
- We maintain robust quality management systems aligned with ISO 9001 and continuously improve our methodologies and processes.
- We foster a culture of technical accuracy, traceability, and documentation integrity in all inspection and verification activities.

## 2- HEALTH AND SAFETY

- We are committed to achieving zero harm through proactive risk assessment, control measures, and safety leadership.
- All personnel are trained, competent, and empowered to report unsafe conditions or practices.
- We comply with international safety standards (e.g., ISO 45001) and local occupational health laws to ensure a safe working environment for our employees and stakeholders.

## 3- ENVIRONMENTAL COMPLAINTS

- We recognize our responsibility to minimize environmental impact during all phases of service delivery.
- We comply with applicable environmental regulations and promote energy-efficient and low-waste practices.
- We support our clients in meeting their sustainability and environmental compliance objectives through accurate and responsible reporting.

## 4- COMPLIANCE & GOVERNANCE

- We operate in full compliance with applicable laws, standards, and codes relevant to asset integrity and inspection services.
- Integrity, impartiality, and transparency are central to our operations.
- We maintain ethical business practices and foster accountability at every organizational level.

# 5- CONTINUOUS IMPROVEMENT

- We drive a culture of continual improvement through regular audits, client feedback, incident analysis, and performance reviews.
- Our QHSE objectives are measurable, monitored, and reviewed periodically to ensure alignment with our strategic goals and client expectations.
- This policy is endorsed by the leadership of Vertex360 and is communicated to all employees, subcontractors, and partners. It serves as the foundation for delivering reliable, safe, and sustainable asset integrity solutions.
